

# START TALKING VA

## HOW DO YOU KNOW IF YOU HAVE VA?

Any of these symptoms sound familiar?  
Which ones have you experienced?

- Burning (while urinating or not)
- Itching
- Dryness
- Vaginal irritation
- Painful intercourse
- Light bleeding after sex
- A clear or watery discharge
- Urgency with urination
- Urinary incontinence (leaking)
- Frequent urinary tract infections
- I don't think I have any of these symptoms.
